KEVA **20, 30, 45 &** **20, 30, 45 Type H**

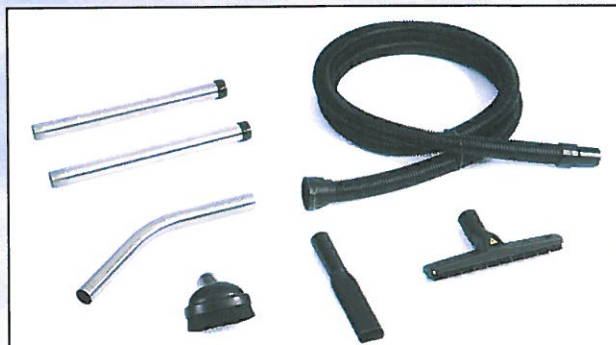

KEVA 20, 30 & 45 and KEVA 20, 30 & 45 Type H Industrial Vacuum Cleaners

The Kerstar range of KEVA vacuum cleaners has been purposely designed, built, tested and approved as suitable to pick up potentially explosive and conductive dust and debris in a Dust zone 22. The Type H models are also suitable for picking up dust and debris that is hazardous to health in a Dust zone 22. All models are built using an electronically commutated brushless motor featuring soft start and thermal protection. Each model in the range is equipped with three stages of filtration on the negative pressure (suction) side of the motor. Every model is supplied ready for use with a fitted plug, comprehensive instruction book and a full conductive toolkit.

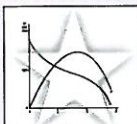

Features

- ★ 3 stage filtration
 - Microfibre disposable bag with sealing cap
 - Conductive fabric filter assembly
 - Oversized, metal cased, HEPA absolute filter
- ★ Supplied with full 38mm conductive toolkit
- ★ Hose length 3 metres. Longer hoses available
- ★ All models use stainless steel canister
- ★ KEVA 20 model has 4 x 75mm conductive castors and conductive plastic chassis
- ★ KEVA 30 and 45 models mounted on detachable stainless steel caddy with conductive wheels and castors
- ★ All models have a locking/braked castor
- ★ Cable length 10 metres
- ★ Fitted plug
- ★ All models supplied with 5 x microfibre burst resistant disposable bags
- ★ All Type H models supplied with spare conductive secondary filter assembly
